Ideas to promote your business and generate support:

- Add a tile to your website: feature the awards on your homepage or a dedicated page to encourage visitors to vote for you.
- Post on social media: share engaging posts, stories, or reels to highlight your participation and encourage your followers to vote.
- Create content: share behind-the-scenes videos, customer testimonials, or stories about what makes your business special.
- Encourage user-generated content (UGC): ask your customers to share why they love your business and tag you in their posts.
- In-store activity: set up a voting station, distribute flyers, or create a fun display to remind customers to vote while they visit.

The more you promote, the more support you can generate! Whether you use our assets, your own channels, or a combination of both, the key is to get creative and engage your audience.
